

# MiniSock Ornament Finishing Instructions

These finishing instructions will enable you to sew the stitched mini sock fabric to a backing fabric right in the hoop.

## MATERIALS REQUIRED

- ◆ 3½" x 5" piece of **Felt** or **Christmas cotton fabric**
- ◆ Hanging thread—12" of 1/8" **ribbon** or **cord** the same color as the felt

## Design Files:

694-CupidMS  
694-HorseMS  
694-SantaMS  
699-3Santas  
699-SantaFace

## \*\*IMPORTANT\*\*

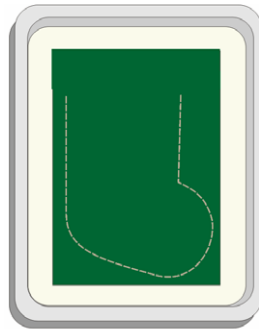

The MiniSockSeamline file is designed to fit only the 16 Ct design file minisocks. If you resize the original mini sock design file, you must also resize the MiniSockSeamline file exactly the same amount so that the seamline will fit the different size.

**In the Hoop Finishing File:**  
MiniSockSeamline

## Step 1—Position Felt or Backing Fabric

Leaving the stitched design in the hoop on the machine, position the felt on top of the stitched design. Leave about 1" of felt extending beyond the top of the stitched design.

## Step 2—Running Stitch Seamline

Load the **MiniSockSeamline** file into your machine. Decide on the color you would like your seamline to be (either the felt color or the fabric color upon which your mini sock is stitched) and thread machine.

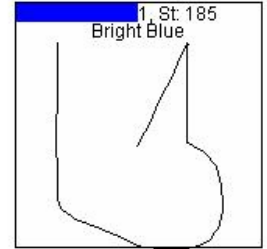

Start machine stitching and a double seamline will be stitched, beginning in the upper right corner, running around the sock shape to the upper left corner and will return around the shape and end at the upper right corner.

Remove hoop from machine and mini sock from hoop.

**Step 3—Trim** stocking shape through all layers, about ¼" beyond stitched seamline. Clip curves along toe and heel.

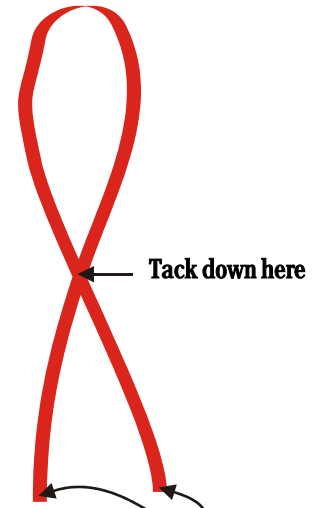

## Color Stop 1

**Running Stitches** to stitch the mini sock seamline.

**Step 4 — Turn** mini-sock right-side out. **Fold down top edge** of mini sock about ½" inch and tack down at side seams with a couple of stitches.

**Step 5 — Attach Ribbon Hanger.** Fold ribbon in half. Fold in half again, to mark position on ribbon for attaching. At top left side of minisock, position folded ribbon ends and tack down ribbon at marked fold, leaving approximately 3" ribbon ends to tie into a small bow.

Tie these ends into Bow

## Full Size Mini Sock Pattern For 16 Ct Designs

You can use this pattern for sewing a mini sock shape after removing stitched piece from hoop.
